

## SnowDogg® CM100 Series Snow Plow

**Buyers Part Number:** CM100

**Buyers Products SnowDogg CM100 Snow Plow delivers contractors and businesses a municipal-grade plow for their medium duty trucks.**

- Get the power and durability of a municipal-grade plow in a package optimized for medium duty trucks.
- Confront the elements and ensure your fleet looks great for years to come with 304 stainless steel moldboards.
- The durability you need with a massive, reinforced A-frame and quadrant.
- Stand up to years of heavy use with eight laser cut steel ribs, two added diagonal ribs for torsional stiffness, and a full length 2 in. cross tube to protect connection points by spreading impact.
- Protect your equipment through varied pavement surfaces and obstacles with 6 stress optimized trip springs to provide 40° of smooth moldboard trip action.
- Fleet interchangeability with HD, EX, CM, and XP Series plows using the SnowDogg Dual Foot Pedal Quick Mount.
- Rely on the 2 HP power/hydraulic unit with full size SAE standard cartridge valves, 3/8 in. rubber hoses, and integral valve manifold, or opt to use your truck's central hydraulics.
- Clear with speed, strength, and agility using two 2 in. x 12 in. angle cylinders and the 70° attack angle.
- Get the value you deserve with the standard 5/8 in. cutting edge, cast shoes, digital pistol-grip controller, heavy belted snow deflector, and blade guides.
- Exceptional snow stacking with an extra heavy duty lift cylinder to power a chain lift with 35° of travel.
- Cut through the dark with powerful dual-beam halogen plow lights with secure double post mounts.
