LEGEND

Since incorporation in 2002, Legend has had one goal that stands the test of time...Build a trailer that lasts. Headquartered in Michigan, we understand that harsh climates require superior raw materials, smart design, and a higher level of craftsmanship than most of our industry peers are willing to put forth. We are passionate about our products, our people, and the loyal family of trailer buyers that have owned and operated our units for many years. Let us show you how the details matter when it comes to performance, longevity, and total cost of ownership on your next trailer purchase.
