

SnowDogg™ VMD75 Snow Plow

Buyers Part Number: VMD75

Buyers Products SnowDogg VMD75 Snow Plow gives property managers and contractors the versatility and power of a full size V-plow optimized for 1/2-3/4 ton trucks and SUVs.

- Get the V power and versatility you need in a package optimized for 1/2 and 3/4 ton trucks.
- Corrosion-resistant 304 stainless steel moldboards with 3/8 in. cutting edge are an investment that lasts.
- Laser-cut steel ribs, a full length 2 in. cross tube, and an oversize hinge pin let you cut through heavy snow and ice.
- 6 in. independent trip edge design helps protect your plow, your truck, and yourself.
- Start fast, finish easy with SnowDogg's Dual Foot Pedal Quick Mount.
- Backdrag in tight spaces with standard dual-action angle cylinders.
- Confront the storm with 70° attack angle and snow-throwing flared wings.
- Reliable 2 HP power/hydraulic unit, SAE standard cartridge valves, and oversize 3/8 in. rubber hoses.
- Get the value you deserve with standard poly snow deflector and wire reinforced blade guides.
- Stack snow high with heavy duty lift cylinder, Grade 43 chain, and a lift arm that offers 35° of travel.
- Cut through the dark with powerful dual-beam halogen plow lights with secure double post mounts.
- Operate with ease using the standard one-hand controller with oversize buttons for glove-on control.
