

SnowDogg™XP810 Series Expandable Wing Plow

Buyers Part Number: XP810

Buyers Products SnowDogg XP810 Expandable Wing Plow increases your plow's productivity and efficiency by expanding from an 8 ft to a 10 ft scoop at the push of a button.

- Increase your efficiency with hydraulically expanding wings that expand your width by 2 ft.
- Confront the elements and ensure your fleet looks great for years to come with a 304 stainless steel moldboard.
- Protect your equipment through varied pavement surfaces and obstacles with 4 stress-optimized trip springs providing 40° of smooth moldboard trip action.
- Stand up to years of heavy use with laser-cut steel ribs and a full length 2 in. cross tube to keep the plow blade stiff and forceful.
- Get the durability you need with a fortified tubular A-frame.
- Maximize fleet interchangeability with HD, EX, CM, and XP Series plows using the SnowDogg Dual Foot Pedal Quick Mount.
- Rely on the 2 HP power/hydraulic unit with full size SAE standard cartridge valves, 3/8 in. rubber hoses, and integral valve manifold, or opt to use your truck's central hydraulics.
- Clear with speed, strength, and agility using two 1-1/2 in. x 12 in. angle cylinders and the 70° attack angle.
- Exceptional snow stacking with an extra heavy duty lift cylinder to power a chain lift with 35° of travel.
- Cut through the dark with powerful dual-beam halogen plow lights with secure double post mounts.
- Receive the value you deserve with standard 1/2 in. cutting edge, cast shoes, digital pistol-grip controller, heavy belted snow deflector, and blade guides.

Specifications
